Paper Parition System 4 - Landslide in Hiroshima

20th August 2014, heavy rainfall struck Hiroshima City, Japan and caused huge landslides forcing over 1600 residents to evacuate into facilities.

On 21st September, we visited Sato Community Center in Asaminami Ward, and installed our Paper Parition System units. Soon after requests are gathered, we will distribute and install in facilities in need.

Voluntary Architects' Network calls for your support in our relief endeavor. Donations made to the following account are very much appreciated.
