Relief for the 2026 Kumamoto Earthquake

Voluntary Architects' Network calls on your support in our disaster relief.
Donations made to the following account below, are very much appreciated.

Voluntary Architects' Network (VAN), a non-profit organization, has initiated relief activities in response to the 2026 Kumamoto Earthquake, which struck on July 28.

To help improve the living conditions of evacuees, VAN is providing Paper Partition Systems (PPS) to evacuation shelters, creating safer and more comfortable private spaces for those affected.

Working in close cooperation with relevant organizations, we will continue to provide support tailored to the evolving conditions and needs of the affected communities.
