LVMH Art Maison

The LVMH Art Maison is a 2-storey timber structure multipurpose center, with a total floor area of 291.0m². It not only serves as the headquarters for the NPO Soma Follower Team which supports children affected by natural disasters, but also provides spaces for the neighboring community such as a library, counseling room, training room, and reading area. To create a connection with the surrounding natural environment, the interior courtyard and facing walls are also landscaped gardens.
