Henri Giraud Champagne

Made exclusively from Pinot Noir and Chardonnay from Henri Giraud's Grand Cru vines in Aÿ, ARGONNE 2008 has been crafted from grapes which have been weighed, tasted and tracked to the very vine. As ARGONNE 2008 is made and aged in small barrels made of oak from the forest of Argonne, Champagne Henri Giraud rigorously selects each individual tree. ARGONNE 2008 is encased in a cardboard tube, crisscrossed with cardboard batons that cradle the bottle.
