

Year: 2013

Location: China

Program:

M+

We were chosen as one of six shortlisted finalists to participate in the design competition for M+ (Museum Plus). M+ will be situated on the waterfront in Kowloon at the edge of a 14-hectare park, and will be the flagship hub for visual culture from the 20th and 21st century, creating interdisciplinary exchange between the visual arts and the performing arts, within the West Kowloon Cultural District.
